

THROAT LOZENGES

Thymotabs®

The Thymotabs® thyme lozenges are ideal to **soothe the throat**. Their formula enriched with vitamin C suits as well in winter as in summer.

MODE OF ACTION

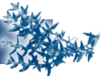

THYME is an aromatic plant typical of the Mediterranean regions. Since antiquity, thyme has been appreciated for its **soothing and calming effect** on the throat.

VITAMIN C is useful for supporting the body's **natural defenses**.

AVAILABLE IN 3 TASTES TO VARY THE PLEASURES ACCORDING TO YOUR DESIRES

nature

The traditional thyme lozenges subtly flavored with eucalyptus for a natural soothing action on the throat.

orange

A delicate combination of thyme and natural orange flavor, to soothe the throat while enjoying a moment of fruity sweetness.

fresh

The unique combination of thyme and xylitol (*a natural extract of birch bark*) in a lozenge that provides a pleasant feeling of freshness.

USE

Adults and children aged 12 and over

6 lozenges  / day

To get the optimal effect, let the lozenges melt slowly in your mouth. Thymotabs® lozenges do not contain sugar (suitable for diabetics) or mint (compatible with homeopathy).
