

# Enterofytol®

Enterofytol® is a dietary supplement based on an exclusive extract of turmeric and essential oil of fennel. The combination of these two plants is recommended for relieving bloating and flatulence to promote digestive comfort.

## MODE OF ACTION

The exclusive extract of turmeric (*Curcuma Longa*) contains a set of substances called curcuminoids, with curcumin being the most important one.

**Fennel** essential oil helps reduce the production of digestive gases in cases of bloating and flatulence.

The combination of turmeric and fennel essential oil contributes to digestive comfort and the overall health of the colon.

## USAGE

### ADULTS

2 0 twice a day  
before a meal for 1 month.

Then 2 0 once a day.

Enterofytol® should not be taken under the age of 18.

- Do not use for a long period without medical advice.
- Precautions:** Do not use during pregnancy and breastfeeding or in case of bile duct obstruction.
- Consult your doctor or pharmacist in the case of concomitant use of anticoagulants.
- Suspend use in cases of persistent diarrhea.
