

GASTRO-INTESTINAL COMFORT

Enterofytol[®] PLUS

Enterofytol[®] PLUS uses a synergy of innovative plants based on berberine and an exclusive standardized extract of *Curcuma longa* to restore digestive comfort*.

MODE OF ACTION

Enterofytol[®] PLUS is an innovation of the Tilman laboratory. It allows you to benefit from berberine and the best of *Curcuma longa* extract to provide you with an optimal effect and thus recover digestive comfort*:

The standardized extract of *Curcuma longa* contains curcumin, a powerful antioxidant that contributes to digestive comfort.

The **berberine**, as for it, proved its interest scientifically to reinforce the effects of the curcuma.

This combination was specially chosen by Tilman thanks to the numerous scientific studies that demonstrate the benefits of these active ingredients.

USAGE

ADULTS AND CHILDREN 12 YEARS AND OLDER

1  x in the morning
and 1  x in the evening
with food
