

Helps to control the CHOLESTEROL LEVEL

Cholesfytol® green

To stay healthy, it is important to control your cholesterol level as well as the rate of bad cholesterol (LDL). On the other hand it is also essential to reduce the oxidation of cholesterol.

COMPOSITION

Cholesfytol® green is a food supplement based on dry extracts of Lemon (*Citrus limon*), walnut leaf (*Juglans regia*) and olive fruit (*Olea europaea*).

MODE OF ACTION

Dry **lemon juice** extract is rich in polyphenols and in particular in flavonoids reputed for their antioxidant properties and free radical scavengers.

Dry **walnut leaf** extract, rich in polyphenols and more precisely in tannins, helps controlling the lipid metabolism (cholesterol and triglycerides), in combination with a balanced diet.

Dry **olive fruit** extract contains hydroxytyrosol, one of the most powerful antioxidants and antiradicals found in nature. The olive fruit contributes to maintain a normal blood pressure.

USAGE

ADULTS

1  1 x per day
in the evening before bedtime.

Cholesfytol® green can be used all year round without interruption.

Precautions:

- Do not use if pregnant or breast-feeding.
- Do not use in children and adolescents under 18 years of age.
